About KIDEXPO

This unusual event is aimed at children aged 4 to 14 and their parents.

Organized around three themes: « Education, practical life », « Sports, Leisure, Holidays » and « Games, Creative leisure activities », this family event, invites the public to discover some fifty workshops and educational activities for children. The event also features a wide range of special events, talks, round table sessions and meetings with professionals.

Fair is Europe's busiest exhibition (8 million visitors / year) the Parc des Expositions, which now organizes KIDEXPO International, a world leader in the sector, and the biggest family event of the year in France with 120,000 visitors and 300 exhibitors.
