A robust and modular design that withstands aggressions !

The roof can be manufactured in :

- Polycarbonate standard (4-6mm)
UV resistant and virtually unbreakable.
- Hammerglass virtually unbreakable, 300 times stronger than glass.
- Or overlapping sheet or perforated plate.
- Can also be completed with ergonomic benches, sit-stand seats, frontal wind protection, serial assembly, digital screen and LED lighting.

Our equipment is made, tested and treated at the factory according to the European standards ISO 9001, ISO 14001 and TÜV Rheinland.

Certificate Welding:

Category according to the standards - EN 287

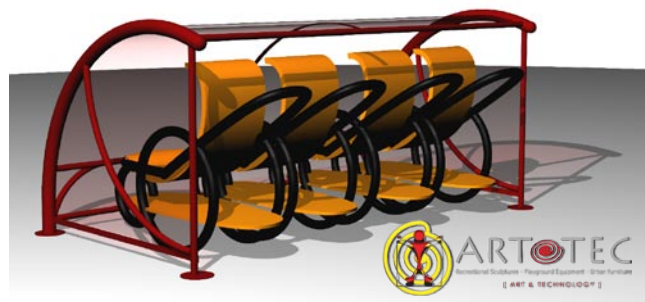

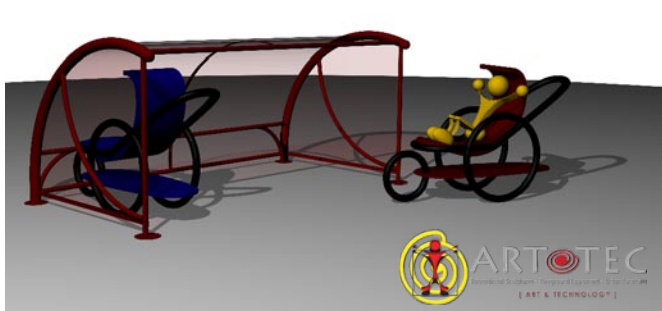

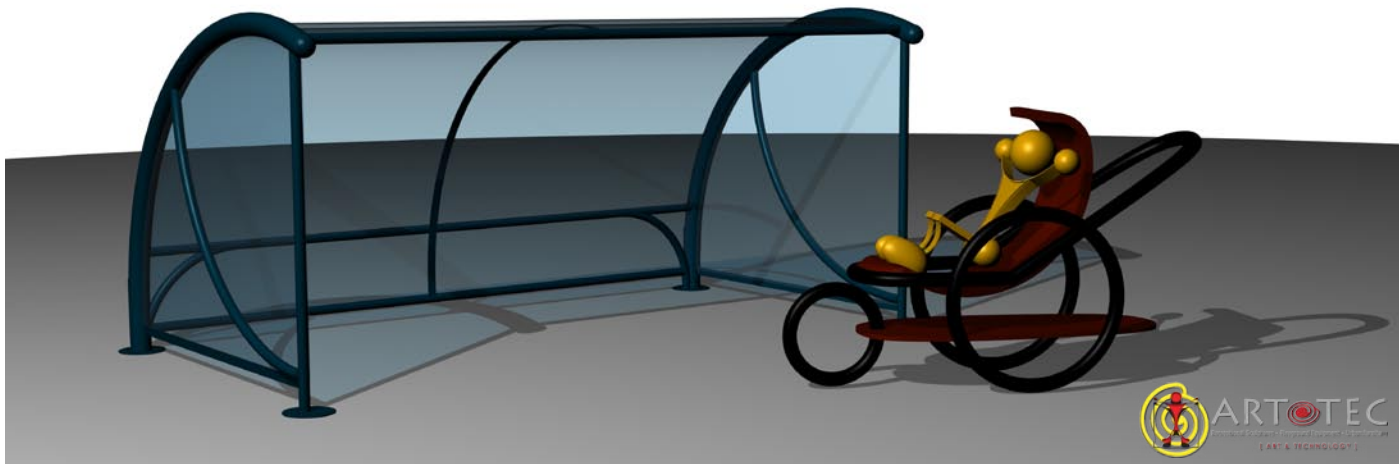

Length: 3 000 mm
Height: 1 700 mm
Width: 1 500 mm
Stroller place :
4 p (170 x 70 cm model limousine)
8 p (70 cm x 85 cm)
Weight: 195 kg
Maximum Load: 375 kg
Material : metal and polycarbonate
Anticorrosive treatment :
For climatic zones BSK 99 C4
Color : RAL system

Design: Frédéric Iriarte
© Exclusive rights
ARTOTEC, Worldwide

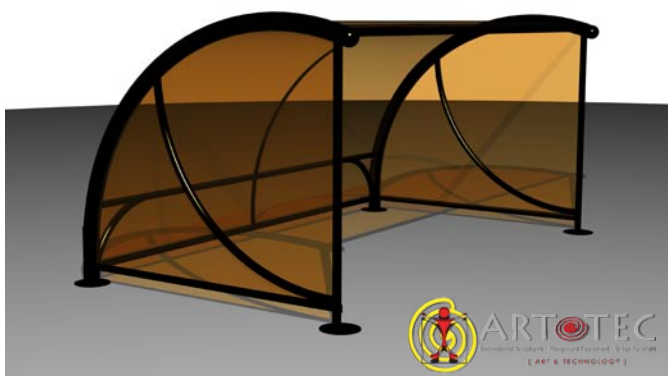

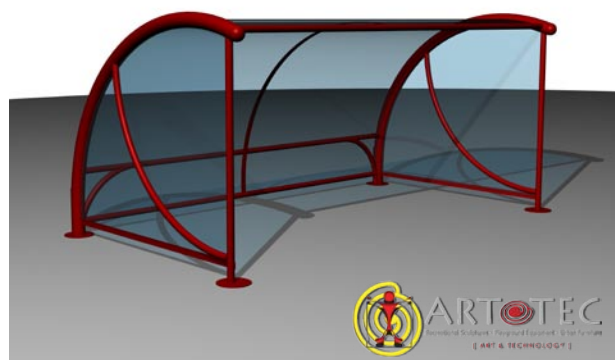

Fondations : To install on a well-drained ground
Concrete foundations : 4
300 x 300 x 250 mm

Possible integration of digital display / touch screen / light film and decoratives projections as well as it is simple and easy to install.

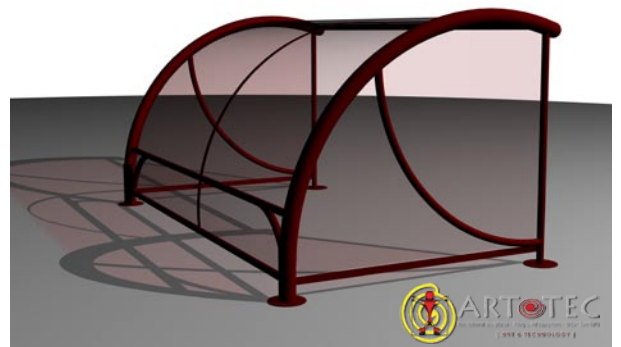

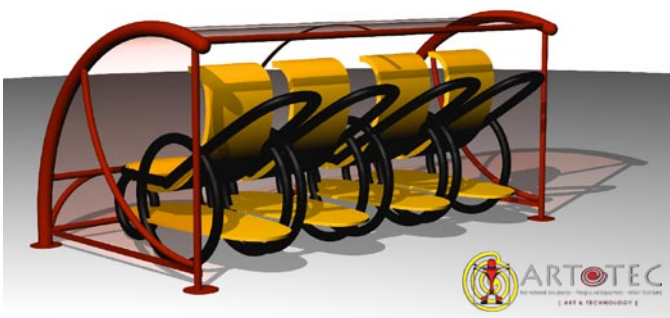

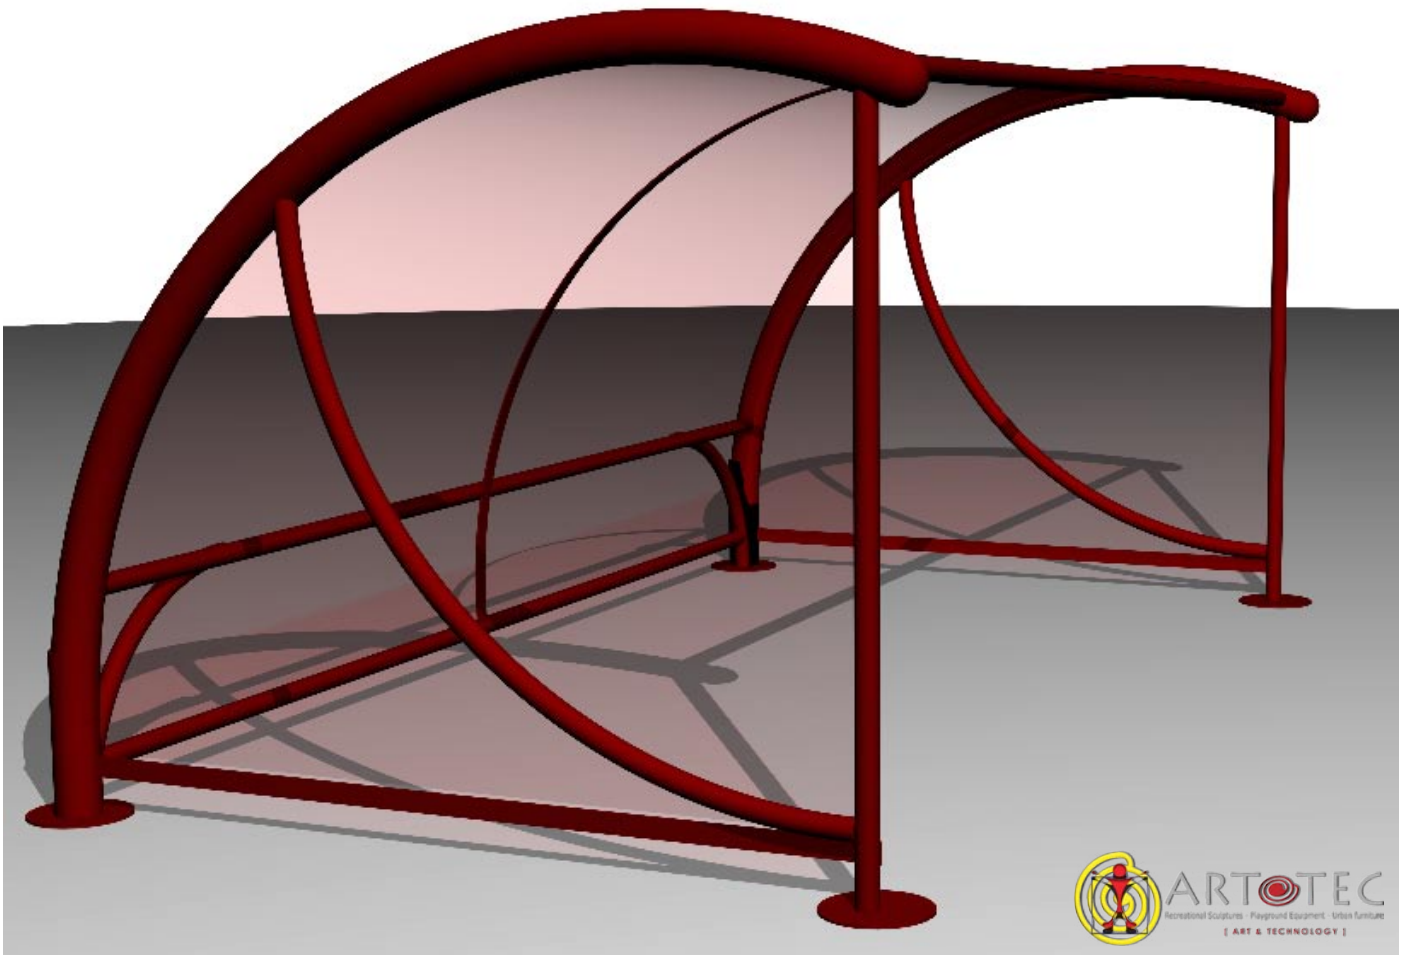

Place for 4 à 8 strollers
